

**On behalf of the 100 Club of Illinois, CuraLinc Healthcare provides free and confidential support, guidance, and resources to surviving spouses and dependents of law enforcement officers, firefighters and EMS professionals who lose their lives in the line of duty in Illinois. When you call the SupportLinc program, you will be speaking with a licensed and experienced counselor who can provide in-the-moment support, schedule a phone counseling session, or assist you with a referral to the most appropriate resources in your area to help you or your family member cope with the emotional impact of losing a loved one. All services are confidential, and available 24 hours a day, 7 days a week. If a minor under the age of 18 is in need of assistance, we ask that the parent or legal guardian call first. To speak with a SupportLinc counselor, please call 888-881-LINC (5462).**
